Equal treatment and support to Union workers and members of their family

Danish Agency for Labour Market and Recruitment (STAR) is the national contact point on equal treatment and support to Union workers* and members of their family.

Union workers or members of their family who have experienced discrimination on grounds of nationality, unjustified restrictions or obstacles to their right to free movement in Denmark can contact STAR at ContactPointDenmark@star.dk.

STAR will then ensure that the responsible authority will reply to the inquiry. All inquiries must be written in English or Danish.

Go to Directive 2014/54/EU on measures facilitating the exercise of rights conferred on workers in the context of freedom of movement for workers. <http://eur-lex.europa.eu/legal-content/EN/ALL/?uri=CELEX%3A32014L0054>
