

# REACTIVATE & RELOCATE

Reactivate is an EU initiative for EU jobseekers aged 35+. Reactivate may offer financial support in relation to job interviews in and relocation to other EU member states.

## YOU MAY RECEIVE:

- a job interview allowance to cover the cost of travelling for an interview to another country (€100-350 according to distance)
- a relocation allowance (support to get settled in the new country of work; this a flat rate according to country of destination)
- extra family support if you bring family along (the support is €350/spouse/child up to max. €1000/family)
- a language course allowance, if this improves your chances of getting a specific job (€400 directly before start, and with €400 after successful completion of the course)
- recognition of qualifications (fixed rate of €400)

## YOU SHOULD BE:

- aged 35+
- citizen of an EU country
- resident in an EU country and applying for a job in an EU country other than your country of residence

## REMEMBER:

You must apply for financial support before you leave your country and before the starting date of your new job (or before an interview takes place in the case of job interview allowance)

You cannot apply after you have moved to your new country of work.
